

## Save time and reduce errors with DB Schenker's Export Compliance Manager

Easily generate export documentation and perform essential compliance activities with our online Export Compliance Manager tool.

Streamline your workflow into a single, comprehensive, automated solution, and avoid expensive penalties!

### SOLUTIONS AT A GLANCE

- *Secure international export compliance*
- *Streamline export documentation creation*
- *Centralize & standardize global trade documentation management*
- *Avoid costly mistakes*

### Export Compliance Manager (ECM) automates export document creation and export compliance, including:

- Export Documentation Preparation
- Commodity Related Document Upload
- License Requirements Verification
- Product Classification Determination Tool
- Export Classification Management
- Restricted Party Screening
- Real-time Compliance Status Monitoring
- Compliance Status Alerts

### Customer benefits

- Combines Export Compliance and Documentation as an easy-to-use solution
- Quickly build export documentation by entering data on a single screen
- Save templates, leverage your existing company data, and build a database of export classifications for future reference
- Restricted Party Screening, Product Classification Verification (HTS, ECCN, and USML), License Determination Tool, Audit Capabilities and more are built-in
- Globally accessible online workflow combines multiple export documentation processes without burdening IT resources

### Why DB Schenker?
